

## The Galaxy Primes

Edward Elmer Smith was an American food engineer (specializing in doughnut and pastry mixes) and an early science fiction author, best known for the Lensman and Skylark series. He is sometimes called the father of space opera. They were four of the greatest minds in the Universe: Two men, two women, lost in an experimental spaceship billions of parsecs from home. And as they mentally charted the Cosmos to find their way back to earth, their own loves and hates were as startling as the worlds they encountered. Here is E.E. Smith's great novel... .
