

The Gathering (The Prophecy Series Book 3)

The Old Ones knew. Theyd always known. They told of a prophecy. They said a storm was coming. They said a Windwalker would bring it and leave his child to end it. They said the storm would spread quietly and unnoticed, like roots beneath the ground growing stronger and farther and linking one thing to another until what was above ground could never be undone. So it was told, and so it would be. The third book in The Prophecy series The Gathering follows the Tyhen, the Windwalkers daughter, as she journeys to save her people from the foreign invaders. She must complete the old ones prophecy by uniting the New Onesthose that come from the futurewith the Native American tribes of the past. Her destiny is to save the future of the Native American race, and as the Gathering of these people approaches, danger follows. Tyhen and Yuma must lead the party north, encountering various tribes, enemies and trials along the path.
