

Taboo 2: Magic and Mayhem (The Generalist)

Assassins on the outside, an employee strike from the inside, the Order of Magi have sent a pesky, perky pest with an order for Franks arrest, and apparently there's a bell tower on the top of The Shop that no one remembers existed. Naturally it's Monday, and The Shopkeepers are already out of coffee and patience alike. Action. Adventure. Fist to face. The Generalist is a hard-hitting ride through the Los Angeles of tomorrow, stuffed to the brim with monster-gene humans turned cannibal, Artifacts of enormous strength warping the very fabric of reality itself, secret organizations seeking to out-manuever each other for ultimate power, and every day a simple miracle just to survive. And who's standing between the rest of us mundane citizens and the myriad forces that seek to devour and conquer this world and those beyond? The two violence-prone action junkies of the Shop: Frank Todd, the Generalist, and Daniel Dash Hopkins, his troll-gened companion and partner-in-crime. Taking on all foes and challenges no matter how great or small, the Shop will do the job, get the pay, and woe betide any and all who dare to thwart their will! The Generalist! Because you simply cannot read about people getting punched in the face ENOUGH!
