

Men and Apes

From back cover: APES have been eaten, worshipped, hunted, hated, loved (in more ways than one), mocked, feared, persecuted, protected, shot into space, featured on TV and infected with syphilis ... YOU will be shocked, delighted, outraged, threatened and fascinated (in more ways than one) by this brilliant bestseller! Ramona and Desmond Morris, author of THE NAKED APE, show even more striking evidence of mans perilously close relationship to his most swinging ancestor - the ape! Highly readable and beautifully illustrated! -The New York Times
