Things go wrong when Dola learns the hard way that the enemy isn't always who you think it is and that the universe truly is mental. Mistakenly thinking that she has escaped, Dola ends up right back where she started, haunted by the tormenting memories of the witch that is her mother and the guilt of having left her younger siblings behind. Now through the eyes of her daughter Monet she must figure out a way to free herself once and for all and awaken her mind to seeing the truth about her reality.
