

## The Siege of New Terra (Star Sojourner) (Volume 7)

Jules Rammis - telepath, astrobiologist, reluctant adventurer - is up to his ears in trouble again. Big Mack, a brutal Terran leader of a pack of mercenaries, is bent on exterminating the gentle natives of planet New Terra so Terran colonists can take over the land. Jules will need all of his Tel powers and wits to stop the mercenaries. Its no easy task, but our hero is nothing if not resourceful, and his trusty team is with him all the way. A wild science fiction ride, The Siege of New Terra will take you to places youve never seen before. This is a standalone novel and can be enjoyed even if you havent read the previous books in the Star Sojourner series.
