

Roots

A mysterious tree, an incurable disease, a troll, a zombie, an immortal, an assassin, a giant earthworm, a missing girl, and one dead cat. Nobody said being a superhero was going to be easy... Duncan has a list. It is a complete rundown of all the things he hates most in the world; and like many fifteen-year-old boys, he hates a lot. He hates that he can't get the girl he wants. He hates that he isn't good enough at football to be picked for the team. And he hates Carl, the school bully, who feels pretty much the same way about him. But Duncan is about to make a discovery that will allow him to get whatever he wants. The problem is, he isn't the only one. Roots is a horror fantasy science fiction psychological thriller mystery romantic comedy superhero origin story for young adults, from Kevin Outlaw, author of The Legend Riders trilogy.
