

Small Space Gardening: Square Foot Gardening for Beginners

People grow gardens for a number of reasons. While most people take relief from growing their own vegetables and saving money, some pursue gardening as a hobby. The pride and pleasures of getting involved with nature are plenty. You get to experience a sense of self-satisfaction and accomplishment when the harvest is ready. Even though it is one of the most popular leisure activities, not everyone has a large space to pursue gardening. For people who are being put off by lack of space in their houses, small space gardening provides the ultimate solution to fulfill their gardening goals and desires. In this book you will find: 1. A detailed insight into small space gardening 2. How to go about it? 3. What plants to grow? 4. The tools, techniques and methods for small space gardening 5. Things to consider 6. Ideas for small space gardening
