

Fortress of the Grizzlies: The Khutzeymateen Grizzly Bear Sanctuary

In a remote valley near the BC-Alaska border lives a remarkable group of grizzly bears who have never learned to fear humans. When logging threatened this valley, people from all over the world joined a battle to save the bears. In 1994, their efforts paid off with the establishment of the Khutzeymateen Grizzly Bear Sanctuary, one of the worlds most important protected wildlife areas. Dan Wakeman, a core member of the Save the Khutzeymateen campaign, was one of only two guides licensed to take visitors into the heart of this ecological reserve. Photographer Wendy Shymanski, who worked with Dan for many years, amassed a folio of exquisite colour photographs of the bears in this special part of the world. In *Fortress of the Grizzlies*, these avid naturalists share what they have learned and seen during years of respectful interaction with this community of grizzlies.
