

The Middle of Nowhere (April series Book 3)

April returns home from her trip down to Earth unhappy with what she accomplished. Papa-san Santos is finishing her rescue of the Lieutenants, Her traitorous brother is dead, and so many things are uncertain. The Chinese and North Americans both continue to give her and Home a hard time. But April, Jeff, and Heather are gathering allies and power. China, trying to steal Singh technology, gets its hand slapped badly by Jeff, and the Patriot Party in America is damaged, but not gone. Their project on the moon is not so easy for North America to shut down, especially with the Russians helping. Heather proves able to defend it forcefully. They really didnt know she owns a cannon. The three have their own bank now, Home is growing, and April is quickly growing up into a formidable young woman, worthy of her partners.
