

Twice-Told Tales (Illustrated)

- Beautifully illustrated with atmospheric paintings by renowned artists, Twice-Told Tales is the first of Hawthorne's marvelous short story collections and was praised upon first publication as a work of genius. Edgar Allan Poe described the short stories as remarkable and Hawthorne's style as singularly effective - wild, plaintive, thoughtful, and in full accordance with his themes. - Just as accessible and enjoyable for today's modern readers as it would have been when first published well over a century ago, the short story collection is one of the great works of American literature and continues to be widely read and studied throughout the world. - This meticulous digital edition from Heritage Illustrated Publishing is a faithful reproduction of the original text.
