

Wanted (Volume 1)

Josh Gunn detests space pirates. He hunts them down and brings them to justice one way or another. When he and his android partner Cherry Kang close in on one of the worst, the fireworks start. After the big explosion, they wake up in a different galaxy with their spaceship crashed on an asteroid and shot to smithereens. When they get a derelict spaceship ready to fly with parts from their ruined ship and escape, Josh finds something he hates worse than pirates. Josh Gunn and Cherry Kang intend to hunt every last one of them down and make sure they pay.
