

## Descend (The Copula Chronicles) (Volume 2)

A descendant of the architect that pierced my reality, leaving me and the others the responsibility to inherit the earth then save it from those we never fathomed existed among us. My name is Jesca Sera, my reality has been pierced and it is with absolute certainty that nothing will ever be the same in our world again. ~ Jesca The uncovered corruption and conspiracy upon our world paired with the impending catastrophic event honed in on our galaxy threatening invasion and evolution of our world lies in the hands of Jesca and the other guardians that have inherited the earth. The corruption of our world is spreading like wildfire, the between allies and enemies are being blurred, and Jescas growing attraction to the two men fighting for her heart could leave her vulnerable. Jesca and her fellow guardians fortitude is further pressed when their battle for earth takes them to the far reaches of Japans Aokigahara Forest, where the mysticism it covets brings weighted supernatural challenges they could never have anticipated. The predestined links she and the guardians share will either keep them safe or send them into a tailspin of sacrifices that may leave one if not all of them threatened. About: The Copula Chronicles, Descend, pulls you deeper into the inherited reality Jesca and her new found clan of guardians are forced to surrender to in order to attempt salvation for humanity. The reality of genetic manipulation, ancient myths and theories, and the immediate threat of extra-terrestrial abduction and invasion are revealed in this second installment of the Copula Chronicles. Edge of your seat techno-thrilling conspiracies paired with dramatic mystery, suspense, and sacrifices are fulfilled in this spiraling global cataclysm Jesca and the guardians are faced with at every turn. \*Intended for readers 18+ due to explicit language and some sexual content\* All four books in
