

Vic: Terror Incognita (The Incredible Adventures of Vic Challenger) (Volume 4)

After a little camping trip that was mostly fun, and a rumble in the streets that brings the Deputy Sheriff calling, Vic and her friend Lin Li head off on their next travel adventure. No danger this time, they say. Eat good food, see exotic locales, little hiking, lots of photos. They do get all of that. And more. The cave dwellers, the madman, the dinosaur, the great apes, the snakes, the headhunters. And is Lin going to betray Vic for something so simple - to save her own life?! And Vic is still waiting for a call or letter from Stu James. For starters! Just when things look straight ahead, there's a wall or a twist. Non-stop action. Accurate historical and nature settings. The #1 awesome adventures from the 1920s in her 4th book and if you crave action you won't be disappointed!
