

## Empress of Antares (Warlords) (Volume 2)

The ancient Antarian scrolls spoke of legends regarding a female warrior from an unknown house. In this second installment, the life blood from the Beast of the Valley of Trenches can bring fortitude to the new Empress of Antares. Know that there will be two paths to take. One path will bring your own destruction, the other, the annihilation of Earth. The Empress must choose the right path blindly, because of the missing scrolls. Will she choose the right direction, or will time run out on saving humanity from the Warlords? Join Admiral Jedediah Fitz and Major Race Jennings as they prepare for the invasion.
