

Werewolf Blasphemies (Werewolf the Forsaken)

Is there some sort of appeal to being ignorant? Do you sleep better without the knowledge of things outside your tiny boundaries? Perhaps it suits you not knowing why you should be afraid. If you die having only known a single beautiful lie, perhaps you'll be happier. Or perhaps that will be the worst regret to haunt you in hell. -- Olivia Citysmith

Blasphemies is a 144-page hardcover supplement for Werewolf: The Forsaken. This book includes:

- * Multiple alternate creation myths and the lodges who exemplify their heretic ideas
