

Night Horrors Wolfsbane*OP (Werewolf: The Forsaken)

Those That Hunt The Hunters When the full moon rises, werewolves howl. The rule is simple: hunt, or be hunted. But what does it take to be not the prey, but the predator? What werewolves are strong enough to strike fear into the hearts of their brethren ? and what else hunts the night? A Chronicle Book for Werewolf: The Forsaken * 29 terrors and beasts to plague the Forsaken, or anyone else luckless to become their prey. * Creatures designed for use with Werewolf, and antagonists suitable for bringing the feel of Werewolf to other games. * Details on the idigam, the primordial horrors often whispered of but never before revealed
