

# White House Inc. Employee Handbook

From the writers of WhiteHouse.org comes the guide to success, profit, and eternal salvation in Bushs Executive Branch WhiteHouse.org, the Internets most popular political parody, busts the Executive Mansions elegant doors wide open to take you on a hilariously eye-popping, completely top secret tour through the most guarded-and ridiculous-people, places, prophesies, and policies of the otherwise on message world of the George W. Bush Administration. The White House Inc. Employee Handbook reveals the secret life of the White House staffer-from his introduction to senior management (Dick Cheney, commander of the Commander-in-Chief; Donald Rumsfeld, secretary of the smackdown; etc...) to the official Bush policy on hot-button issues (ex: homelessness: eliminate the glut of shelters so these people can finally live up to their name). Equal parts shrewd business lampoon and political send-up, this is wickedly astute satire at its finest-funny and gutsy, with a frightening, yet familiar ring of that oft-forgotten thing called truth. Welcome to The White House Inc., patriotic worker bee-you picked the winning team!
