

Tandy and Bless: When Opposites Attract

Thirty-five-year-old social worker, Tandy Christian, wasn't looking for love. That is, until she crossed paths with the sexy Bless during a home visit to follow up on a child neglect complaint. Sparks immediately fly between the two, and Bless does not hesitate to make his interest known. The only problem is, Tandy is afraid to live her life without being judged and criticized by her overbearing mother. Will Tandy succumb and give Bless what he wants, or will she allow her no good ex, Marquez, to come back into her life and cause more damage than before? Bless Puckett isn't your average twenty-one-year street hustler. He's a damn good father to his five-year-old daughter and loves her unconditionally. Since the age of ten, his life has been anything but perfect. After being bounced from foster home to foster home as a child, he is determined to guarantee his daughter the stability that he never had. When he meets Tandy, he immediately knows that she is the woman he has prayed so hard for. The woman who will complete his family. Bless could not resist the way he felt for Tandy, however, his age and both their occupations presented a challenge. Not to mention the meddling of outside forces determined to keep them apart. All Bless wants is a chance to prove to Tandy that age ain't nothing but a number, and that opposites do attract. Find out if Tandy will give Bless a chance. Or will she let real true love slip through her fingers? Take a ride with these characters and see how this love story goes. This story will leave you with your mouth wide open and wanting more.
