

Where Have You Been 2: Trinity's Story

Trinity Jackson has been through some s**t in her life. Yeah, you could say that at a point she was out there doing too much, and trying to grow up way too fast. But thats a potential consequence when youre a latchkey kid with a mother who barely acknowledges your existence. Trinity ends up catching the eye of D-boy Gary Ford, and he comes to her aid when she really needs it. But while Trinity thought it was just him being nice, Gary saw it as something more, and he wanted more than gratitude. However, when Trinity let it be known that she had no interest in pursuing anything past friendship, things took a turn for the worst. In the end, Gary ended up deadwhile Trinity ended up pregnant. In this prequel to Where Have you Been , readers get to find out exactly where Trinity was when she decided that fateful morning to leave her baby girl behind, for what she presumed would be a better life. On her journey to adulthood, and her quest to reunite with the daughter she gave up, Trinity finds love, endures loss, and is on the receiving end of some moments that will be difficult to rebound from.
